Dear partners & sailors,

The current situation regarding the Corona Virus spreads great uncertainties. We would like to inform our customers and associates about the hygienic measures taken and our new cancellation and payment terms.

- Our company meticulously adheres to the instructions of the Public Health authorities.
- After each charter trip, the yacht is cleaned thoroughly and professionally disinfected to minimize the potential risk of virus transmission.

In order to calmly and responsibly face the situation, we are following a **FLEXIBLE RESERVATION POLICY** during this period and until further notice:

- Reschedule the booking within season 2021 with no extra charge for the same yacht and the same catalogue price.
- If the charter is rescheduled to another catalogue price where the new charter week is more expensive, the difference has to be paid. If the charter is cheaper the difference will be refunded to the charterer.
- We require 30% of the charter fee in order to secure the bookings. The remaining amount must be fully paid until 21 days before departure.

SPECIAL CANCELLATION CONDITIONS DUE TO COVID-19: Once the booking has been cancelled due to mandatory reasons related to Covid-19 (lockdown in charterer's country or in the country of embarkation, mandatory quarantine in either country, travel ban issued by the government), the charterer will receive a credit note (VOUCHER) for the amount already paid for a future charter, valid for twelve months, or, reschedule the booking for a future date.

FOR ANY OTHER CANCELLATION REASONS, THE USUAL CANCELLATION POLICY OF THE COMPANY WILL BE APPLIED.
